ALLIES DRIVE ENEMY INTO RETREAT ON THREE KEY FRONTS

Knox Warns Against Over-Optimism in the Solomons

Violent Tank Battle Continues to Rage On Egyptian Front

BY ROGER D. GREENE
Associated Press War Editor

Allied offensives were driving the enemy into retreat on three key fronts of World War II today—on Guadalcanal Island, in New Guinea and in Egypt—while the Russians still held fast in the 71-day-old siege of Stalingrad.

In Washington, Navy Secretary Frank Knox reported the sinking of two additional Japanese cruisers and a destroyer by U. S. warships in a battle off Savo Island, in the Solomons, on the night of Oct. 11-12.

Knox said five enemy destroyers and three cruisers were sunk in the battle.

The navy secretary warned, however, against "growing too optimistic" about the Solomon Islands operations and said there was no doubt that the huge Japanese naval armada which has left the scene, badly mauled, would return.

AXIS FORCES REPORTED IN AN IRON TRAP

BY EDWARD KENNEDY

Cairo, Nov. 3.—(P)—British tanks in force have clashed with German armor in the biggest tank battle of the 12-day-old Allied drive in Egypt with fighting swirling around Tel El Akahir—the hill of wicked men—where the British infantry assault has knifed 16 miles deep into the Axis defense zone.

Reuters reported that a Berlin broadcast attributed to DNE said Gen. E. L. Montgomery had thrown some 500 tanks into "the greatest tank battle of the whole African campaign."

The scene is one of the highest points along the center of the present tight-hemmed battlezone between the Mediterranean and the Gattara salt marshes.

(Turn to Page Seven)

Inland Base Occupied

Gen. MacArthur's Headquarters, Australia, Nov. 3.—(P)—Allied round forces captured the Japanese base at Kokoda, inland New Guinea, yesterday after a grueling drive over the Owen Stanley mountains and were shoving the Japanese troops toward their coastal base at Buna today after medium and heavy allied bombers drove off a enemy convoy and set fire to a transport attempting to approach with reinforcements.

The recapture of Kokoda highlighted a sharp turn in the fighting in southeastern New Guinea, where the Japanese five weeks ago were within 32 miles of Port Moresby, the key Allied position on the island.

The Japanese, aware of the precarious position of their troops, attempted to send two transports with an estimated 7,000 soldiers to bolster their retreating force.

WAR BULLETINS

Berlin (From German Broadcasts), Nov. 3.—(P)—The German high command asserted today that German submarines operating off Canada's east coast had sunk 16 ships totaling 94,000 tons out of a convoy "on the way from the United States to England." (There was no confirmation of this from any other source.)

Washington, Nov. 3.—(P)—The navy announced today that a small Yugoslavian merchant vessel was torpedoed and sunk by an enemy submarine in the Atlantic off the northern coast of South America late September and that survivors have been landed at an east coast port.

London, Nov. 3.—(P)—The German radio announced today that two bombs exploded in Vichy early this morning, the first in the front office of Marshal Petain's Committee for Social Propaganda and the second hour later in front of the office of Jacques Doriot's French People's Party.

Headquarters of U. S. Forces in the South Pacific, Oct. 28.—(Delayed)—(P)—The Japs haven't been able to down a single U. S. flying ace in two months of aerial warfare in the Solomons—and take it in Gunner Sgt. Robert Lowrie of Shippensburg, Pa.—they're apparently getting desperate.

Somewhere in New Guinea, Nov. 2.—(Delayed)—(P)—The southern Pacific land and air commands sent congratulations today to all of the Allied army in New Guinea "on their magnificent efforts leading to the capture of Kokoda," as tough mountain troops pushed after retreating Japanese on the road to Buna.

London, Nov. 3.—(P)—United States soldiers in Britain will give turkey on Thanksgiving so that the wounded and ill in British hospitals may enjoy it.

WARTIME BALLOT TO DRAW THIRTY MILLION TO POLLS

LIGHT TOTAL IS INDICATED OVER STATE

Size of Early Vote Stepped Up By Appearances of War Workers On Way To Jobs

CANDIDATES CONFIDENT

Philadelphia, Nov. 3.—(P)—Many war workers stopped at polling places on the way to their jobs today, stepping up the size of the early vote in industrial areas of Pennsylvania in the first wartime general election since 1918.

While in some instances the vote polled in the first few hours exceeded expectations, reports from across the state indicated a light total, possibly around 50 per cent of the 4,642,363 registered voters, at this arsenal state of democracy selected leaders to guide it through the critical war days ahead.

In Philadelphia, election workers reported light voting but many of them declared the start was better than they expected.

At the other end of the state, Pittsburgh reported a light vote to fair vote in Allegheny county during the first two hours. In the steel suburb of Braddock, 200 of 1800 registered voters in one precinct cast their ballots in that period.

At Harrisburg, the county commissioners reported balloting "pretty heavy" in normally Republican Dauphin county, while Democratic headquarters there reported the early voting "fairly brisk."

The opposing candidates for governor cast their ballots in their home precincts in the western end of the state, Auditor General F. Clair Ross, Democrat, at Butler, and Adjutant General Edward Martin, Republican, at Washington.

Westmoreland, where Democrats have a 20,000 lead in registration, reported a "fairly brisk" turnout.

Ballot Cast By Executive At Hyde Park

President Identifies Himself To the Election Board As A Farmer

TEN MINUTES IN BOOTH

Hyde Park, N. Y., Nov. 3.—(P)—Franklin D. Roosevelt, the squire of Hyde Park, cast his ballot today in the old, white-frame town hall where he has been voting for nearly four decades.

The president, who identified himself to the election board as a farmer, was the 17th person to enter the voting machine booth.

The chief executive asked the election board:

"Did my missus ballot get in in time from London?"

He was told it had not been filed and remarked that he had

First Lady Studies How Britain Eats

London, Nov. 3.—(P)—Mrs. Franklin D. Roosevelt, investigating how Britain eats, discovered today that British factories are ahead of many in the United States in feeding their workers.

At the ministry of food she was told about 1,721 government-sponsored "British restaurants" which serve meals for workers for the equivalent of 20 cents and 17,000 factories in which canteens have been set up for the employees.

"Any employer who doesn't look out for feeding his workers," Lord Woolton, minister of food, told the first lady, "belongs to a by-gone age."

"I'm afraid, then, that many in the United States belong to a by-gone age," Mrs. Roosevelt answered.

She saw a typical 20-cent menu—soup, four cents; roast mutton, potatoes and turnips, 12 cents; strawberry custard, four cents; tea or coffee, two cents extra.

Laid out on a table was an exhibit showing a Briton's weekly ration.

(Turn to Page Seven)

Salvage Head Heart Victim

Pittsburgh, Nov. 3.—(P)—Henry J. Yute, hard-driving chairman of Pittsburgh's salvage division of civilian defense who laughed "I can take it" three days ago when friends warned he was working too hard, collapsed last night and died of a heart attack. He was 45.

In a manner, Yute had directed the building of his own monument when he recruited 725 trucks and thousands of helpers who on Sunday piled up 1,800 tons of scrap iron and junk in old Exposition Park downtown.

It was after checking up weigh slips for more than 1,000 piles of junk that the comparatively young executive started home. He stopped at the office of Dr. Edgar T. (Turn to Page Seven)

NEW MAKEUP OF CONGRESS IS AT STAKE

Democrats, Holding Majorities in Both Houses, Said To Be Anticipating Some Losses

UPSETS ARE PREDICTED

By the Associated Press

Upwards of 30,000,000 war-minded Americans exercise today the right and privilege for which their forebears fought and died a century and a half ago and for which their sons and brothers now are fighting again—the right to shape their own government.

In the first war-time election since 1918, the voters cast ballots to determine the political complexion of the new congress starting in January and two-thirds of the 48 state administrations.

The Democrats, holding comfortable majorities in senate and house and 28 of the present governorships, expected some net losses. But even the Republicans themselves laid no claims to an upset that would give them control of the house, where their chances were conceded to be the best. The Republicans needed 53 new seats to gain a majority—218—but claimed only from 29 to 35. The Democrats conceded a net loss of no more than 15.

Democratic control of the senate was not threatened. Republicans claimed all the governorships in the key states, including New York, but Democrats challenged their claims.

Except for a contest here and there in which so-called "isolationism" figured, local issues predominated in the campaign more notable for its conservatism with the war than with politics.

Voting was expected to be light even for an "off-year" election. With thousands of fighting men in far-off corners of the world, (Turn to Page Seven)

Balloting Gives Roosevelt First Voter Reaction To War

Setbacks Are Minimized By Berlin Radio

Long Summary Of War In Russia Fails To Explain Reverses In Stalingrad

CLAIMS LARGE TOLL

New York, Nov. 3.—(P)—The German radio, apparently with the idea of minimizing the failure to capture of Stalingrad, and to attain the major objective of destruction of the Red army, broadcast today a 1,300-word summary of the war in Russia to recall German victories of the past.

The basis given for the detailed re-listing of Nazi gains was that today is the 500th day of the struggle on the east front.

"Five hundred days of war," the broadcast said in summary, "have cost the enemy 14,000,000 in dead, seriously wounded and prisoners."

It did not say whether this included civilian casualties or the homeless rounded up in captured areas. Neither did the Germans mention their own losses.

"In the June days of 1941," the summary began, "not one military expert in the world (and this must have included Hitler) had an idea of the enormous strength of Soviet Russia's military power. Fantastic American figures had become reality in Russia. Multiple of all that all European armies together possessed in men, tanks, guns and war material of all kinds was assembled on Russia's western frontier x x x x."

"On June 22, 1941, at 3:05 a. m. (without warning, the broadcaster failed to say) German armies started a general attack on the Soviet Union."

Fortresses Turn Back A Jap Convoy

BY MURLIN SPENCER

Somewhere in New Guinea, Nov. 2.—(Delayed)—(P)—A Japanese convoy headed for New Guinea was forced to turn back today by flying fortresses and B-25's which attacked in the face of intense anti-aircraft fire and enemy aerial resistance.

(The repulse of the Japanese convoy off Buna was reported in a communique from Gen. MacArthur's headquarters which said 7,000 Japanese soldiers aboard the ships had been intended to reinforce the enemy's New Guinea positions.)

Maj. William G. Benn, of Washington, Pa., said one large transport was damaged and another possibly damaged, by the hard-hitting bombers. Five Japanese Zero fighters which tried to intercept the attack were knocked out of the sky.

Three waves of bombers went after the convoy which was guarded by warships. The attacks started at dawn and continued until night. Each wave ran into Zeros which paid heavily for their efforts to protect the heavily-loaded ships.

Firearm Killed In UNUSUAL TRAIN WRECK

Safe Harbor, Nov. 3.—(P)—One man was killed and 120,000 gallons of gasoline and fuel oil became a blazing inferno, visible for 20 miles, when a Pennsylvania railroad freight train hit a rockslide just east of this Lancaster county town early this morning.

A railroad spokesman said the victim was Martin B. Frey, of Millertown, Pa., fireman on the freight, who either jumped or was thrown from the locomotive as it overturned.

Knox, Nov. 3.—(P)—Fire destroyed the warehouse of the Knox Glass Bottle Company last night with a loss estimated at near \$350,000 by S. H. Wyman, assistant treasurer.

The flames, which were discovered about 10:30 p. m. were fought for two hours by volunteer firemen from Knox, Clarion, Sligo and Emmenton.

The building, 470 feet long and 70 feet wide was filled with paper cartons of bottles. It had been erected five years ago to replace one also destroyed by fire.

Wyman said he believed most of the 215 employees of the company would continue to work at the glass plant, but said there was doubt the warehouse could be rebuilt, due to war priorities on materials.

Storehouse At Knox Burns

Knox, Nov. 3.—(P)—Fire destroyed the warehouse of the Knox Glass Bottle Company last night with a loss estimated at near \$350,000 by S. H. Wyman, assistant treasurer.

The flames, which were discovered about 10:30 p. m. were fought for two hours by volunteer firemen from Knox, Clarion, Sligo and Emmenton.

The building, 470 feet long and 70 feet wide was filled with paper cartons of bottles. It had been erected five years ago to replace one also destroyed by fire.

Wyman said he believed most of the 215 employees of the company would continue to work at the glass plant, but said there was doubt the warehouse could be rebuilt, due to war priorities on materials.

Six In Family Lose Lives In Morning Fire Near Fryburg

Fryburg, Nov. 3.—(P)—A family of six perished early today in a fire that destroyed their frame bungalow on the Fryburg-Lancaster road, 3 1/2 miles east of this Clarion county community and about 15 miles west of Oil City.

Dr. H. M. Wellman, Clarion county coroner, reported the victims were Mr. and Mrs. John Huefner and their four children, ranging in ages from one to six years. Three of the children were identified as John, age 6, Teresa, 4, and David 3. The fourth was a year-old baby.

Neighbors discovered the fire about 2 a. m. but were beaten back by flames in an attempt to enter the blazing home. They sought to arouse the occupants by hurling bricks against the house, but members of the family apparently had been overcome as they slept.

The neighbors expressed belief the fire started from a coal stove.

Huefner was a mechanic at a coal mine.

Chief Executive Will Have New Check-up On His National Popularity

SUPPORT UNWAVERING

BY WILLIAM L. BEALE

Washington, Nov. 3.—(P)—To President Roosevelt, who has dominated American politics for a decade, today's election brings not only the first voter reaction to conduct of the war but, to a degree, a new check-up on his national popularity.

As commander in chief of the armed forces and as president of a people united against the Axis enemy, Mr. Roosevelt can claim the unwavering support of every loyal citizen.

But he also is cast in another character. He is the political leader of a government compelled by life and inflation to inevitable bruises of a war economy.

In this role Mr. Roosevelt cannot be wholly separated from the party label on congressional ballots cast today. If the voters in any appreciable numbers decide to replace Democrats with members of another party, a share of the blame will be his.

(Turn to Page Seven)

Urge Barkley For Court Job

BY JACK BELL

Washington, Nov. 3.—(P)—A round robin urging President Roosevelt to appoint Democratic Leader Alben W. Barkley of Kentucky to the supreme court was in circulation among members of the senate today with the prospect that it soon would be signed by a bi-partisan majority.

Senator McKellar (D-Tenn.), who addressed the letter to the president, told reporters he was convinced no more suitable man than Barkley could be found to fill the vacancy created by the recent resignation of Associate Justice James F. Byrnes to become economic stabilization director.

Few politically-minded legislators gave Barkley much more than an outside chance for the appointment. A move vacating the senate majority leadership would be almost certain to be followed by a hot contest which might find the administration hard pressed to keep this highly important position in entirely friendly hands.

The round robin petition, outlining the 64-year-old Democratic leader's record during 29 years in congress, was reported to bear the signatures of several Republicans, as well as most of the Democratic senators who were in town.

Two-Legged Deer Is Hit Near Grove City

Grove City, Nov. 3.—(P)—The big game hunting season doesn't open until Nov. 30 but a hunter almost bagged a "deer" in a swamp near the Grove City hospital yesterday.

George Deer, of R. D. 5, Butler, was hunting for rabbits in the swamp when a blast from a shotgun struck him in the legs.

He was treated at a hospital.

Some Significant Races To Watch In Today's Election

Washington, Nov. 3.—(P)—Some of the significant races to watch in today's elections:

New York—Attorney General John J. Bennett, Jr. (D), backed by State Chairman James A. Farley and more recently by President Roosevelt, running against Thomas E. Dewey, (R) former Manhattan district attorney, for governor, with Dean Alfange, American Labor, the third man in the ring.

Connecticut—Democratic Governor Robert A. Hurley opposed for another term by his Republican predecessor, Raymond E. Baldwin. Also, Mrs. Clare Booth Luce, author-playwright, Republican candidate against Rep. Leroy D. Downs, house Democrat.

California—Attorney General Earl Warren (R), hopes to unseat Gov. Culbert L. Olson (D).

Ohio—Former Congressman John McSweeney (D) challenging Republican Gov. John W. Bricker for another term at Columbus.

New Jersey—Hague-backed Senator William M. Smathers (D) opposed by Albert W. Hawkes (R) former U. S. Chamber of Commerce president.

Pennsylvania—E. Clair Ross, (D) backed by Joseph Guffey, opposing Major General Edward Martin (R), backed by Senator James J. Davis and solid Republican organization, which is the dominant major party in state.

United States Task Force Sends Down Two Additional Enemy Cruisers Off Savo Island

Washington, Nov. 3.—(P)—The sinking of two additional Japanese cruisers and a destroyer in the South Pacific was reported today by Navy Secretary Frank Knox, who coupled with the news an admonition against "growing too optimistic" about the Solomons campaign.

"It is still a bitter, tough fight," he told his press conference. "They (the Japanese) have a fleet of formidable proportions left. We haven't any doubt they'll come back."

Knox' report of sinking two more cruisers was based on late information from Vice Admiral Robert L. Ghormley, now back from his former command as chief of naval operations in the South Pacific.

Ghormley's account of the battle off Savo Island the night of Oct. 11-12, Knox said, listed five enemy destroyers and three cruisers as sunk.

The navy communique on that engagement had reported only one enemy cruiser sunk, plus four destroyers and a transport. Ghormley's report thus added two cruisers, and one destroyer to the toll taken of the enemy.

Knox said the additional damage reported by Ghormley was an example of "ultra conservatism" of the navy in reporting damage to the enemy.

In speaking out against optimism springing from the severe damage inflicted on the Japanese fleet in the Solomons, Knox said: "There is no warrant for the optimism. It is still a bitter, tough fight. They have a fleet of formidable proportions left. We haven't any doubt they'll come back. It is dangerous to assume they won't be back and any assumption that this is all there will be of the operation is unwarranted."

"I don't want to build up optimism that will be punctured later by a desperate hard fight which lies ahead."

Knox also declared he was "particularly proud" of the navy's submariners, saying that the submarine service generally had "done a particularly amazing and outstanding job."

(Turn to Page Seven)

STILL A BITTER FIGHT

OUR MEN IN SERVICE
Mr. and Mrs. Arthur J. McDonald, 11 Bradley street, have been advised by Lt. G. L. Dosland, commanding officer of the naval training school in radio at Miami University, Oxford, O., that their son, Richard C. McDonald, has been chosen through aptitude tests to specialize in naval radio work at the university. Young McDonald attended local schools, enlisted in the navy at Buffalo on August 28, this year, and did his boot training at Great Lakes, Ill.

Pvt. Charles A. Passinger, son of Mrs. Eva B. Passinger, Hertz street, has been assigned to the first infantry division to be trained in Indiana and is located at Camp Atterbury in that state.

Cpl. Hyatt A. Saylor, son of Mr. and Mrs. Frank Saylor, Pleasant township, has been transferred from Fort Jackson, S. C., to Savannah Section Ordnance School.

Proving Ground in Illinois for officers' training. The Sailors have also received word that another son, Everett J., is currently in England.

Paul Conway, son of Mrs. Flora Conway, 104 Verbeck street, who recently enlisted in the navy, is now located at the Sampson, N. Y., training station.

Pvt. LeVerne M. Jones, stationed at Richmond, Va., has returned there after a brief visit with his parents, Mr. and Mrs. R. W. Jones, Akeley R. D. 2.

Mrs. Forest Nichols, of Starbrick, has received word that her nephew, PFC Theron A. Reynolds, has arrived safely in England. Pvt. Reynolds is the son of Mr. and Mrs. Arthur Reynolds, of Tidouite.

Pvt. Donald E. Archbold, of Irvine, who enlisted on October 5, is reported stationed at McAllen Field, Calif.

Pvt. Merritt L. Gray, who recently completed his training at Camp Grant, Ill., has been transferred to the station hospital at Camp Breckinridge, Ky.

Mrs. Clair Newhall has received word that her husband has been assigned to officers' training school at Fort Sill, Okla. He is the son of Ralph N. Newhall, of North Warren.

HUMAN POLLEN CARRIERS
One can buy date palm pollen at the markets in Egypt. Since human life in the Sahara desert depends largely on the date palm, tree owners take no chances of a tree going unfertilized. They buy pollen and carry it from tree to tree.

TIMES TOPICS

NAVY RECRUITERS

Recruiters for the U. S. Navy will be in town again on Wednesday and Thursday to interview applicants at 235 Pennsylvania avenue, west.

SNOW IN CORY

Charley McWilliams, who performs his war work in Cory, stated this morning that Cory ran true to form and snow fell there all last night.

CONDITION SERIOUS

Mrs. M. H. McClew, of Lockport, N. Y., and Arthur W. Schuler, of Loraine Ohio have been called home by the serious illness of their father, Christian E. Schuler, 14 Crescent street.

WILL ENJOY GAMES

This evening in the North Warren Community House the usual series of games will be played. It had been announced the games were postponed but the announcement was in error.

SPORTSMEN'S CLUB

The Fairchild Sportsmen's Club will hold its monthly meeting at the clubhouse in Pleasant township at eight o'clock Thursday evening and every member is asked to be on hand.

SUSPECT IS HUNTED

Motor Police and City Police alike are hunting for a black Ford car which stopped in Youngsville last evening and had 15 gallons of gas put in the tank. The driver bore every appearance of being a Jap and the license plate number reported corresponded to that from a car stolen in the eastern part of the state.

HALLOWEEN HOST

Ed Walker is said to have earned the reputation of the most generous Halloween host in town as the result of an informal invitation issued to the youngsters of the neighborhood and taken up by a guest list of about 90. Movies and a treat in the Walker playground were included in the bill of entertainment.

ARTIST IN TOWN

Miss Gene Alden Walker is in Warren for a short time before returning to New York to work on several portrait commissions. While on the Cape this summer, Miss Walker exhibited at the Provincetown Art Association. One of her paintings, a study of a Portuguese boy, was purchased by Mr. and Mrs. J. F. Morrison, of West Newton, Mass. One of Miss Walker's most interesting assignments was the painting of Frances, the small daughter of Mrs. Robert Nathan, and Mr. Nathan, well-known writer.

Raid Alarm System To Be Solved by Council Group

Burgess Raymond Steber last evening brought to the attention of the Town Council the fact that the air raid alarm system in the borough is woefully inadequate. During the last practice warning test there were hundreds in the borough who failed to hear the alarm. With doors and windows closed and radios blaring only those close to the sirens and whistles will hear them in the future. He urged that some action be taken whereby an alarm system can be installed. He called attention to the fact that the cost will be high but that the borough must stand the expense of installation.

Forest Waite, Commander of the Control Center told of tests of sirens made recently and stated that they could not be heard over a great distance. He also urged a system that could be operated from a central point and which would entail leasing wires of the telephone company and installing telephone relays.

A committee composed of Burgess Steber, William Rice and Krebs was named to investigate and to bring in a recommendation at the next meeting of Council.

Routine business took but a short time to transact at the meeting and only three quarters of an hour was required for the session. Few of the committees had reports to bring as the fall season is causing a slackening of street and other activities.

Teams Completing Plans For Covering Small Industries And Firms In Chest Drive

An important meeting in connection with the "Extension Campaign" of the Warren Community Chest will be held in the Y. M. C. A. Thursday afternoon at 4:30 o'clock. At that time E. H. Ley, chairman of Division "B", his five captains, Messrs. George S. Frantz, Alan H. Templeton, Earle G. Flohr, Myron E. Jewell, E. M. Branch, and the men who constitute the five teams will complete their plans for covering the smaller industries and most of the business concerns of the community.

The unit plan of solicitation which was used last spring so successfully will be followed again. The goal for each unit is just one-half of that subscribed in April and each firm, and the individuals connected therewith, will be asked to make an extension pledge, payable June 1 and September 1 next year, amounting to 50 per cent of the pledge made in April. This "Extension" or "Add-on" subscription is to provide sufficient funds to enable the Chest organizations to "carry on" during the six months following the close of the fiscal year, which ends April 13, 1943, and the time of the next Chest campaign, which will occur in October, 1943.

The men who constitute the Division "B" solicitors will receive their campaign supplies at the meeting Thursday and will begin their work on Friday.

Uncle Sam Cracks Down on Delinquents

Those Without Tax Stamp on Autos and Income Tax Dodgers Face Trouble

AGENTS ARE BUSY

Uncle Sam is cracking down on those automobile drivers who have failed to affix the \$5 automobile tax stamp on their cars. Representatives of Uncle Sam are also getting ready to file liens on the folk who have neglected or have forgotten to pay their income tax.

In several of the surrounding towns investigators have been gathering in the auto drivers whose cars are without the little stamp Uncle Sam asked to have appear on the windshield. In Franklin over 200 offenders were gathered up and the investigators are expected in Warren soon to pick up all offenders here. The absence of a stamp on a car may cost \$25 and costs.

Thousands in this end of the state will feel the heavy hand of Uncle Sam for failure to list their income tax on the line for last year. In Pittsburgh yesterday over 1000 liens were filed against those who have defaulted their March and June payments. The liens give the government power to seize automobiles, stocks, bonds, real estate and trust funds, to open safety deposit boxes and even to cash in insurance policies of those in default in order to raise enough money to pay the tax debts.

Social security payments are also under the scrutiny of Uncle Sam and many employers who have failed to get their payments in on time are threatened with trouble. Deputy Internal Revenue Collector Nick Mangus has received orders relative to the matter and action is expected soon in a number of cases, of which there are scores in this county. Those who are delinquent in their financial duty to Uncle Sam may well take time by the forelock and get their payments made.

WILL DISCUSS RATIONING

This evening a representative from district headquarters will be in the city to meet with the County Ration Board relative to the rationing of gasoline. The blanks for the tire inspection, etc., have arrived but as yet have not been distributed nor have any garages as yet been designated as tire inspection stations. It is expected that the blanks will be distributed and the work of inspection started soon.

Several old lamp posts on Pennsylvania avenue in front of the Printz, Kirberger and Mullen stores will be taken down and consigned to scrap. The borough will fill in the holes in sidewalks caused by removal of the posts.

The playground equipment, according to the park committee, has been repainted and placed in winter storage while trees about town are being trimmed to give a 14 foot clearance for the street sweeper and fire trucks. It was also stated that grading of the Lacy School playgrounds is progressing. 32,000 square feet having been finished to date. This work is being carried on piece meal without any strain on the Park Committee budget.

The borough's share of airport receipts amounted to \$161.61 for the past month.

Third and final reading was given an ordinance setting forth the rules of the board of health. This set of rules has been formulated at meetings of the local physicians and Board of Health and conforms to the rules of the State Health Board in most particulars.

EGG BATTLE
During the last century, an old Spanish custom at Easter fiesta was throwing of eggs filled with perfumed water by revelers. The shells were emptied and filled with cologne, and everyone had fun popping them over the heads of other celebrants.

APPETITE!
If a new-born 10-pound baby ate with the great greed of a newly-hatched Polyphemus caterpillar, it could devour a herd of 860 cows, each weighing 100 pounds, in only two days.

When a fog is thin enough to enable you to see objects 110 yards away, it is mist.

BEWARE THE LACKADAISICAL RABBIT

Warren county hunters going into the woods and fields in search of rabbits should heed the advice of the Medical Society of State of Pennsylvania and "beware of the lackadaisical rabbit."

Tularemia, or rabbit fever, takes the pep out of a rabbit and makes him an easy mark for the hunter.

"This serious disease is transmitted to man when he handles, skins, or dresses a sick rabbit," adds the Medical Society spokesman, "and in a recent survey of 10,800 victims of rabbit fever, death came to 537 persons, or a little over 5 per cent."

Housewives are cautioned to wear rubber gloves when skinning and dressing rabbits brought home from the field, but proper cooking renders even tularemia rabbits safe for eating.

Tularemia was first discovered in Tulare County, California, in grey squirrels, and spread to other rodents and other states, being brought into Pennsylvania through the importation of rabbits from other states.

DONATION FOR THE USO

The youngsters who attended the "Scrap Metal" show at the Library theatre October 17th, and parents who assisted the children in collecting junk for the performance, will be interested to learn that a check for \$48.66, received for the salvage has officially been turned over to the local treasurer of the United Service Organizations by the Times-Mirror and George C. Sarvis, manager of the theatre.

Thus the children who participated in the project may have the satisfaction of knowing that they not only donated almost five tons of junk to the war effort but also had a part in raising almost \$50 for the agency which is doing so much to provide entertainment and comfort for the men and women in the armed services of the country.

Mr. Sarvis joins the Times-Mirror in expressing appreciation for the cooperation received which made the project an unqualified success.

GOOD GOING

When William Jeffers was lifted out of railroad job and made rubber administrator, we weren't too certain about the wisdom of the selection. Now he has started pitching and already he has two strikes against our skepticism.

He pitched the first when he told a hostile Congressional Committee that he was going to perform his difficult task to the best of his conscientious ability, and let politics be hanged. He tossed over the second when he jumped on misleading reports that there would be tires for all by the middle of November.

Worrying about pressure group politics and ignoring misleading errors were chiefly responsible for the middle into which rubber drifted B. J.—Before Jeffers.

HOARDERS

Coffee rationing has come, some experts say, because of unnecessary hoarding by housewives. Hoarding entered into the timing, if not the ultimate necessity behind sugar rationing.

Now the Department of Commerce estimates that consumers have 50 million pairs of shoes hoarded—quarter as many as are on the shelves of the nation's shoe stores—in fear that there will be a shortage of shoes.

Let's get it clear. There will not be a shortage of shoes unless one is created artificially by hoarding. There will be a cut in varieties, styles, trims. But there will be plenty of shoes, if we keep our heads and don't make fools of ourselves.

The men engaged in making the arrangements for the "Extension Campaign" of the Warren Community Chest are doing a swell job in setting up the preliminary details that will result in a successful drive. Your part will be to be prepared to "Add-On" to your subscription of last spring promptly when approached by a solicitor.

All workers, whether teachers, lawyers, store clerks, factory or anyone who travels between their home and a job must fill one of those transportation questionnaires that are being distributed. Don't delay performing this important task when you receive yours.

And application blanks for gasoline rationing coupons are being distributed. That's another important function to dispose of within the next few days.

If you haven't voted when you read this, and it is still before eight o'clock, hustle out the polls and do your duty.

Washington In Wartime

By JACK STINNETT

WASHINGTON—There are so many obstacles in the way of that so-called "labor peace" that many concerned will pass snap judgment that it can't happen here. But off-the-record observers within the labor movement and without are almost unanimous: A consolidation of the CIO and AFL, with practically all independent unions except the United Mine Workers (John L. Lewis) stringing along, may happen any day now.

For the moment, let's not consider the obstacles. They have been recited before in this report and others. The reasons for consolidation are:

(1) The war, with its attendant manpower and wage-control legislation, has taken away from warring labor factions the weapons with which they fought each other.

(2) Labor's most potent weapons for maintaining the gains they have made and fighting wrongs that still exist are: (a) Labor leaders who hold key jobs in Washington, such as those on the War Labor Board, in the Manpower Commission, and in the Department of Labor; and (b) the Washington Labor lobby.

(3) Most of the AFL and several groups in the CIO have been waiting for a long time to catch John L. Lewis far enough off base to put him out.

Under the heading of (1) comes the fact that both William Green

(AFL) and Philip Murray (CIO) have pledged no strikes for the duration. While this has not yet been an accomplished fact, those pledges eliminate sanctioned jurisdictional strikes, as well as those involving wages, hours, and working conditions.

PUBLIC opinion is also a vital factor in this matter of strikes and operates importantly against demands for excessive wages and shorter hours.

These things force labor to look for (2) representatives in the war government and an influential lobby that can make itself felt whenever labor legislation is in the offing. In both cases, a split labor movement defeats its main objective and the old saw, "In union there is strength," becomes too apparent to need further elucidation.

From the very first defense move, the administration has given labor its representatives within and has shown an inclination to listen to the voices of labor without. It is only when those "voices without" have been discarded that labor has lost ground.

There is no need here to go further into (3). Lewis and his battles with the AFL and more recently with his own original CIO are pretty well known. It is sufficient to point out that Lewis gained most of his original strength from his "stand-in" with the administration. He gave that up when he opposed Roosevelt for the third term.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Anne Francine, who is one of the prettiest girls you ever saw, is five feet and ten inches tall. Yet she wears three-inch heels. I asked her why.

"Because I like them," Anne said. "They're comfortable."

Add three inches to the height of a girl who is five feet ten and you have someone to look up to. I mean, you have to admire the girl, knowing that her height isn't helping her career any. An exceptionally pretty girl who is exceptionally tall is out of luck, so far as the movies are concerned. Some of the movie heroes are of heroic proportions; frankly, a bit on the runty side. On the set they wear built-up shoes and the girls are in their stocking feet, just to bamboozle the public.

All of that might be tragedy to Anne, who has auburn hair and dark brown eyes, except that she happens to be a singer. At Armand's, a torch singer who doesn't need or use a microphone, which is unusual. And I wouldn't say her beauty is wasted. I would as soon watch Anne sing as listen.

I MENTION Anne Francine not alone because of her height and attractiveness but because of her Philadelphia "main line" background. At Chatham Hall school, in Chatham, Va., she was president of the Dramatic club and put on new plays every two weeks.

She was so successful that her classmates went batty over dramatics. The teachers revolted and the Dramatic club was shut down until Anne graduated.

After returning to Philadelphia for her debutante season, but two years later got tired of idleness and came to New York. She won a singing contest for society deb and got a contract which led to night club jobs. Her family disapproved, but Anne went so far as to return to Philadelphia where she broke attendance records at the Embassy club. She still is interested in dramatics, having had a leading part in a short-lived tour of "Too Many Girls," and has staged several shows for the benefit of a children's convalescent home.

EVERY now and then a play comes along which adds a new word or phrase to our vocabulary. One of these is "Papa Is All." The word "all" means—well, it means "all." For the expressive, idiomatic word you can thank the Pennsylvania Dutch, about whom the play is written. You can thank in particular Jessie Royce Landis, the star in the Broadway production of last season and in the current road company.

The title (and use of the word) comes from an automobile trip taken by Papa. The car was hit by a train at a crossing, after which Papa just wasn't any more. He was "all"—hat, clothes, flesh, everything.

T-H-O-U-G-H-T-S

In the beginning was the Word, and the Word was with God, and the Word was God.—John 1:1.

Religion, if in heavenly truths attired, Needs only to be seen to be admired.

—Cowper.

From where I sit...

by Joe Marsh

THAD PHIBBS' house got struck by lightning a couple of nights ago. The kitchen chimney was knocked off and the roof set on fire, and Thad found things pretty lively and exciting for a spell.

The fire was soon out though thanks to the prompt and efficient work of the local fire department, as the paper says... and I never seen a man so grateful as Thad.

Chief Ed Carey was sort of embarrassed, I guess, by the thanks that was being heaped on him.

"That's all right, Mr. Phibbs," he says. "That's all right, sir—that's what you pay taxes for."

From where I sit, I'd say Chief Ed's remark seems to have a lesson in it... a lesson on the way that taxes come back in mighty real benefits to the people.

Take the taxes on beer, for instance—more than 2½ billion dollars, I hear, figuring federal, state and local, in the nine years since beer's been back.

There was a time—remember—when a lot of that money went into the pockets of bootleggers and blind pigs. But today it's coming right back to the treasuries of the nation, the states and the local communities... for the benefit of everybody.

Some goes, for example, to pay for the things Uncle Sam needs to fight the war with... for tanks and ships and bombers.

Quite a lot goes for things like public health, and education, and good roads and the like.

And some of it, I surmise, has gone to support the fire company that gave Thad such good service the other night.

To moderate folks, who like a friendly glass of beer now and then, there's a sort of satisfaction in knowing that right now this beverage of moderation is furnishing the public treasuries well over a million dollars every single day.

That's quite a lot of money—especially nowadays when Uncle Sam needs every cent he can get hold of.

Joe Marsh

Plan War Mixtures of Plant Food

Chemical Nitrogen to Be Replaced in Formulas for Use on Lawns and Flowers.

Plant foods for both vegetables and ornamental gardens will be available this fall and next spring. While it is expected that the usual balanced mixtures will be obtainable for vegetable plots, it is probable that special wartime formulas will have to be used on lawns and ornamental plantings.

In contrast with the first world war, there are ample supplies of potash now obtainable in this country, and also of other food elements except for chemical nitrogen. Nitrogen is much in demand for munitions, and its use for fertilizer purposes has already been restricted. It is expected that it will be allowed in mixtures which are used to grow vegetables, but denied for other purposes.

Other forms of nitrogen, however, can be substituted for it in wartime formulas. The chief advantage of chemical nitrogen in plant food is that it is available to plants at low temperatures, and thus stimulates early growth in the spring.

It is only in recent years that chemical nitrogen has been widely used in home gardens; and many old-fashioned gardeners have continued to use organic forms of nitrogen, obtained from packing house by-products and similar materials. No adverse effects on home gardens are feared as a result of the changes which war will make necessary.

Throughout most of the country lawns have grown luxuriantly this year, thanks to frequent rains. Heavy growth entails a penalty, however; it tends to exhaust plant food in the soil, and increases the need for feeding, if vigor is to be maintained.

A lawn which goes into the winter well fed, is far more likely to emerge in the spring with a minimum of injury, than one which ends the season in poor condition.

Permanent lawn grasses are so hardy that no damage is done to them by low temperatures alone. But extensive winter damage may result from poor drainage, and from the heaving action of alternate freezing and thawing.

Water expands when frozen and contracts when it thaws, as is well known to most gardeners. Since soil is usually moist in the winter, expansion and shrinkage occur whenever freezing and thawing take place. Freezing lifts the soil, and thawing lets it drop, at the same time making it soft and wet. The action is most violent near the surface, since winter thawing is seldom deep, so that shallow rooted plants are often heaved entirely out of the ground by repeated thaws.

Grass which has developed a deep, sturdy root system, will resist heaving successfully. Poorly nourished grass will have shallow roots and may suffer serious injury. A relatively poor lawn may be put into condition by proper attention this fall.

ANSWER: A rough method of arriving at a conclusion, rather than by scientific procedure. It came from using the thumb as a one-inch rule.

NEXT: Do most animals have larger fore or hind feet?

"Go ahead and submerge—I'm not going to have my off time ruined!"

It's a fact that a single 10-cent piece can be the means of saving a soldier's life—because the five cartridges it buys can make the difference between victory and defeat for one of our boys. Think then what more money will do, if put regularly into U. S. War Savings Stamps! Order them delivered to your home, week after week, by your newspaper carrier boy. This coupon, filled in, will be all the authorization he needs. Hand it to him next time he stops!

I would like to have 10-cent War Savings Stamps delivered to my home each week until further notice.

The Marines Were Waiting...

(Official U. S. Navy Photo From NEA)
U. S. Marines met the Japs at the mouth of the Tenaru river on Guadalcanal Island, and many of the foe will never see Nippon again. See the half frozen, half smug on the face in the middle? Looks like he's only sleeping.

FISH TO FILE LIBEL SUIT AGAINST WRITER

Newburgh, N. Y., Nov. 3. (P)—Rep. Hamilton Fish, (R-N.Y.), seeking re-election today in President Roosevelt's home district, said last night he plans to file a \$500,000 libel suit against Drew Pearson, syndicated Washington columnist, who has instituted a \$250,000 libel action against him.

The president has informally announced he will vote against the representative. Fish, after winding up a campaign for re-election against Democratic Ferdinand A. Hoyt, in which the Republican's pre-World War record on defense measures was repeatedly attacked, declared he expected to be re-elected at today's polls.

SIX-YEAR-OLD DROWNS IN POOL IN QUARRY

Norwood, Nov. 3. (P)—Six-year-old Daniel J. Fulmer, playing near the edge of a quarry, slipped and plunged 60 feet to a pool of water below.

His mother, Mrs. Harry Fulmer, heard his playmates' screams and ran to the cliff. While she watched, unable to help, the child came to the surface of the pool twice, then drowned.

The boy's parents came here recently from Hazleton. Fulmer is employed in the Baldwin Locomotive Works in Eddystone and the family lived in the Delaware country trailer camp for war workers. The accident occurred yesterday.

NEW DRIVE TO CLEAN UP BROADWAY SHOWS

New York, Nov. 3. (P)—A new drive against stage shows considered by officials to be in poor taste has started with the Roman Catholic archbishop of New York setting off the spark.

Summonses charging operation of an indecent exhibition were served yesterday on the producer and managers of "Wine, Women and Song," a musical starring strip-teaser Margie Hart and comedian Jimmy Savo.

Archbishop Francis J. Spellman declared Sunday that producers of some Broadway shows were dragging "Souls Down to Hell" and would make the city's name "synonymous with Sodom and Gomorrah."

BIDDLE CREDENTIALS GIVEN KING PETER

London, Nov. 3. (P)—Anthony J. Drexel Biddle, Jr., United States envoy to the exiled governments of Nazi-dominated Europe, presented his credentials to King Peter today as ambassador to Yugoslavia.

Yugoslavia, to which Biddle previously was accredited as minister, joined Poland, Belgium, Norway, The Netherlands and Greece as nations to which he is ambassador. Biddle still is minister to Czechoslovakia.

Salvage Head Heart Victim

(From Page One)
Chatham and died 30 minutes after complaining he felt ill.

Yute had been director of the department of supplies for the city of Pittsburgh, a post to which he was appointed by Mayor Cornelius D. Scully. He had been with the Pittsburgh and West Virginia Railroad since boyhood until that time.

Schools To Aid Men Soon For Service

TIMES TOPICS

AUXILIARY POLICE CLASSES
This evening the advanced class in Auxiliary Police Work will meet in the High School and Chief George Haehn will conduct a period of instruction on "Sabotage and Subversive Activities." Tomorrow evening the basic Auxiliary Police Class will have completed its ten weeks of two hour lessons and will take its final examinations.

NO SHORTAGE HERE

Reports from various sections are to the effect that a shortage of nickels and pennies exists and that the demand for them is greater than the supply. Inquiry here develops the fact that as yet no shortage has been noted here. The many odd cents in change due to taxes, increases in price, etc., leads to the use of many small coins. The mints are hard at work but the demand seems to grow.

ARMISTICE DAY CLOSING

The retail committee of the Warren Chamber of Commerce, at a meeting held Monday, voted that stores in the borough should close all day Armistice Day, Wednesday, November 11, according to announcement made today by W. H. Wright, chairman of the committee. It is expected that a very large majority of the stores in the community will follow the action of the retail committee by remaining closed.

WORK IS HALTED

Work of erecting consolidated schools over the state has been halted until after the war according to information received at the office of County Superintendent of Schools H. L. Blair. The plan for consolidating schools will be resumed after the war. In spite of the many consolidations made in this county there are still 122 one room school houses in use, according to the Harrisburg figures accompanying the data on work stoppage.

Obituary

BERTHA R. ELLIOTT

Funeral services in memory of Mrs. Bertha R. Elliott, 318 Prospect street, were held from the family home at 2:30 p. m. Monday, conducted by her pastor, Rev. H. L. Knappenberg, of Grace Methodist church. Interment was made in Oakland cemetery with the following acting as bearers: Robert Gibb, Charles Gordon, R. Pierson Eaton, Velma Radspinner, Merton Irvine and Delbert Lewis.

Those who came from away to attend the rites were D. E. Elliott, Frances Elliott, Mrs. Ernest Elliott, Joseph Elliott, Elbert, Charles Elliott, Parker's Landing; Mr. and Mrs. Wayne Moore, Kane; Willard Strickland, Hornell, N. Y.; Mrs. May Johnson, Youngstown, O.; Mr. and Mrs. W. A. Heeter, Mr. and Mrs. Kay Moore, Sheffield; Ray Moore and Mrs. Anna Hepler, Sigel.

MRS. ALICE WAGNER

Mrs. Alice Wagner, formerly of this city but more recently of Tylersburg, passed away at 3:10 p. m. Monday in the Warren General Hospital as the result of a hip injury received in a fall four weeks ago at the home of her daughter, Mrs. J. W. Lucart, at Tylersburg. She was born in Tylersburg on March 10, 1861, elder daughter of Samuel and Priscilla Young. She was united in marriage on July 5, 1880 to John G. Wagner, who preceded her in death on May 6, 1919. While residing in Warren she was a member of Grace Methodist church.

She is survived by the following children: Mrs. J. W. Lucart and Mrs. George W. Emert, Tylersburg; Mrs. F. D. Weiss, New Castle; Lynn R. Wagner, Niobe, N. Y.; Mrs. Alfred J. Moore, Mrs. Olson and Paul D. Wagner, of this city; also 22 grandchildren and nine great-grandchildren. Besides these, there are two sisters and one brother, Ruby N. Young, Albany, N. Y.; Mrs. William Hariger, Salamanca, N. Y.; Wade S. Young, Shippensburg.

Funeral services in her memory will be conducted by Rev. J. E. Kiffer, pastor of the Free Methodist church, from the home of her son, Paul D. Wagner, 311 Lexington avenue, at two o'clock Thursday afternoon. Interment will be made in the family lot in Oakland cemetery. Friends will be received at the home of her son at any time.

MRS. BERTHA NEITCHE

Funeral services in memory of Mrs. Bertha Neitche were held at nine o'clock Monday morning in Holy Redeemer church. Father Salvatore Mitchell celebrating the requiem high mass. Interment was in Woodvale cemetery at Johnsonburg with Father Gregory conducting a committal service and the following acting as bearers: John Allen, John Baker, Ross Minell, George Baker, Gust Ristau and Walter Chinchillas.

Sinking of More Ships Is Reported

(From Page One)
An American drive to squeeze the Japanese out of Guadalcanal appeared under way today as marines, supported by a tempestuous aerial assault, pressed the enemy farther away from the island's hotly contested airfield.

A Japanese retreat, announced by the navy yesterday, carried the Nipponese back as much as two miles in one sector while flying fortresses, dive bombers and American fighter planes blasted and strafed enemy positions throughout the area.

TREASURY BALANCE

Washington, Nov. 3. (P)—The position of the treasury Oct. 31: Receipts \$12,150,517.62; expenditures \$170,229,136.46; net balance \$4,896,200,680.00; total debt \$97,168,867,541.93; increase over previous day \$324,538,423.35.

Axis Forces Reported In An Iron Trap

(From Page One)
It is 16 miles beyond the long-stabilized defense line through the ridges southwest of El Alamein, and represented a gain of several miles by British infantry which slashed forward under their own artillery barrage during the hours just before the tank clash developed yesterday at dawn.

The infantry won a position which partly pocketed a considerable Axis force.

This pocket, formed by Australian infantry of Montgomery's British Eighth Army, was believed to be about eight miles long, between Tel El Eisa and Sidi Abd El Rahman, about 18 miles west of El Alamein.

Today's communique said the new wedge was driven in the Axis positions, near the center of the line, by infantry early yesterday. It was termed "an important advance," in which many prisoners were taken.

(London dispatches said "with the shift of the main weight of the Allied attack southward, there is a feeling in London that anything might happen now that armored units apparently have pushed through Rommel's static defenses and perhaps are loose on the other side.")

(Axis communique, particularly the Italian, stressed even more than did the British the violence of the combat between the sea and the Qattara depression, about 80 miles west of Alexandria.)

(Then it added, significantly: "Our losses, too, are high.")

(German broadcast said the British center thrust was "the biggest attack so far," but asserted this "breakthrough" attempt was frustrated. The Germans said, however, they had the impression that the British were attempting to force an immediate decision.)

The point from which Allied tanks made their thrust was believed to be west of El Ruweisat ridge, about 20 miles south of the coast.

Light Total Is Indicated Over State

(From Page One)
In the county commissioners' report, a "surprisingly large" vote throughout the county and expressed a belief that 60 per cent of the voters would turn out.

The state's election interest centered in the fight for the governorship. The major party candidates, Adjutant General Edward Martin, Republican, and Auditor General F. Clair Ross, Democrat, made their final appeals for support last night and arranged to go early to the polls themselves today.

Martin, speaking at Pittsburgh, re-emphasized "the necessity for unity in this overwhelming emergency of war" and said he became a candidate because of friends' urging and because age made it impossible for him to serve in the front battle lines.

Ross wound up his campaign with a broadcast from Sharon. He said the election of a Democratic congress and governor would guarantee that President Roosevelt's political enemies "will lack the power to crucify him as their political forebears crucified Woodrow Wilson."

Neither candidate mentioned the bitter charges exchanged during the closing days of the drive.

Ballot Cast By Executive At Hyde Park

(From Page One)
sent it over to her by a plane making the Atlantic crossing after she had missed receiving it in Washington by only 24 hours.

It turned out that Mrs. Roosevelt's vote would not have been counted anyway, since the election committee had decided that it was not permissible for her ballot from outside the United States.

The president dropped in at the town hall at 11:40 a. m. (EWT) and spent only 10 minutes going through the formalities and bantering with the election board.

Wearing a white shirt, black tie and a green tweed suit which he wears also on St. Patrick's Day, Mr. Roosevelt remarked that "this seems natural" as he walked into the hall with Charles Frederick, his bodyguard.

Setbacks Are Mini-mized By Berlin Radio

(From Page One)
The broadcast then recalled the names of cities captured and of battlefields overrun by Nazi power in the days before the stiffened Russian stand and the drain of German losses sapped the campaign of its speed and retarded its pace to bitter-won gains at fearful cost.

(From Page One)
Allied heavy bombers sighted the transports escorted by a light cruiser, a destroyer and nine fighter planes and attacked as they were approaching Buna. Medium bombers then attacked yesterday afternoon. The convoy withdrew.

Inland Base Is Occupied

New Makeup Of Congress Is At Stake

(From Page One)
women were expected to cast a proportionately larger vote than in former elections. Some forecast a 50 to 62 per cent feminine vote.

Eyes were on the New York gubernatorial race because of its possible 1944 presidential implications. Thomas E. Dewey, Republican candidate, with an eleven-hour endorsement by Wendell Willkie, was in a close contest with Democrat John J. Bennett, Jr., endorsed by President Roosevelt and piloted through the campaign by States Chairman James A. Farley. A third candidate was Dean A. B. American-Labor.

Republicans claimed victories not only in New York, but in the gubernatorial contests in California, Michigan and Connecticut, all now having Democratic governors, and in Ohio, Massachusetts and Pennsylvania, now Republican.

The Republicans also forecast a net gain of from five to eight seats in the senate where the present lineup is 65 Democrats and 29 Republicans, one progressive and one independent, with 48 a majority.

Democrats said their present strength in the senate would not be lessened. They also stood on their earlier statement that there would be "no substantial change" in their house majority.

64 Specials At The Stores

FISH TO FILE LIBEL SUIT AGAINST WRITER

Newburgh, N. Y., Nov. 3. (P)—Rep. Hamilton Fish, (R-N.Y.), seeking re-election today in President Roosevelt's home district, said last night he plans to file a \$500,000 libel suit against Drew Pearson, syndicated Washington columnist, who has instituted a \$250,000 libel action against him.

The president has informally announced he will vote against the representative. Fish, after winding up a campaign for re-election against Democratic Ferdinand A. Hoyt, in which the Republican's pre-World War record on defense measures was repeatedly attacked, declared he expected to be re-elected at today's polls.

SIX-YEAR-OLD DROWNS IN POOL IN QUARRY

Norwood, Nov. 3. (P)—Six-year-old Daniel J. Fulmer, playing near the edge of a quarry, slipped and plunged 60 feet to a pool of water below.

His mother, Mrs. Harry Fulmer, heard his playmates' screams and ran to the cliff. While she watched, unable to help, the child came to the surface of the pool twice, then drowned.

The boy's parents came here recently from Hazleton. Fulmer is employed in the Baldwin Locomotive Works in Eddystone and the family lived in the Delaware country trailer camp for war workers. The accident occurred yesterday.

NEW DRIVE TO CLEAN UP BROADWAY SHOWS

New York, Nov. 3. (P)—A new drive against stage shows considered by officials to be in poor taste has started with the Roman Catholic archbishop of New York setting off the spark.

Summonses charging operation of an indecent exhibition were served yesterday on the producer and managers of "Wine, Women and Song," a musical starring strip-teaser Margie Hart and comedian Jimmy Savo.

Archbishop Francis J. Spellman declared Sunday that producers of some Broadway shows were dragging "Souls Down to Hell" and would make the city's name "synonymous with Sodom and Gomorrah."

BIDDLE CREDENTIALS GIVEN KING PETER

London, Nov. 3. (P)—Anthony J. Drexel Biddle, Jr., United States envoy to the exiled governments of Nazi-dominated Europe, presented his credentials to King Peter today as ambassador to Yugoslavia.

Yugoslavia, to which Biddle previously was accredited as minister, joined Poland, Belgium, Norway, The Netherlands and Greece as nations to which he is ambassador. Biddle still is minister to Czechoslovakia.
